

ICT

Pre – Apprenticeship Programme

You are about to embark on a Pre-Apprenticeship Programme which, when successfully completed, will increase your employability in the area of ICT.

What is the content?

- ▲ Developing group and team work communication skills
- ▲ Award in IT Systems Support – PC Maintenance – 2 units
- ▲ Building a Personal Career Portfolio
- ▲ Functional Skills ICT

What will you achieve?

Completion of three qualifications specifically selected to increase employability in ICT

- ▲ A Level I Award in Progression
- ▲ A Level I Award in IT Systems Support – PC Maintenance
- ▲ Functional Skills in ICT (subject to existing qualification held)

The programme will enable you to learn the skills you need, through a highly interactive and practically based 'hands on' programme. This will combine the fundamentals of ICT helping you gain the knowledge you need to get ahead in ICT.

How long is the programme?

The programme is 14 weeks long and normally runs on Tuesday and Wednesday from 8.45 am until 4.30 pm.

Where can you go next?

- ▲ Progression onto an Apprenticeship
- ▲ Progression to employment
